

SVETLOZAR ANTONOV

Internship or full-time position as a junior developer

+359 898 841 363 @ anto1nov1@gmail.com <https://rb.gy/oo8s9q>
<https://github.com/Antonov-S> Sofia, Bulgaria

SUMMARY

Motivated professional with extensive experience in the financial/trading sector, eager to pivot into the tech industry. Skilled in JavaScript, React, and Next.js, with a commitment to ongoing learning and personal development. Currently seeking my first developer position, excited to embrace the dynamic challenges of web development and enthusiastic about engaging with fellow developers, learning from their expertise, and contributing to collective achievements.

EXPERIENCE

Intern manual QA

ePing SPS&TBT Platform 11/2019 - 01/2020 Sofia, Bulgaria

- Finding the misconceptions in the specification, broken functionalities, user experience problems, etc.
- Performed Functional and Black Box testing.
- Create enough test cases to test the functionality based on the Software Requirements Specification.

Expert with control functions / Reviser

Gresia 2 Ltd 12/2015 - 12/2018 Sofia, Bulgaria

- Periodic revisions of goods in company's stores and warehouse, subsequent analysis of the results and drawing up a general report for their overall status. Management of a small team of auditors. Tracking and checking unpaid stock documents by contractors, stores, clients, etc.

Chief expert

Sofia Health Insurance Fund 06/2009 - 10/2011 Sofia, Bulgaria

- Participates in the processing of medical, statistical and financial information in determining of regulatory standards and the funds allocated for their implementation. Participate directly in the preparation of interim and annual reports of Sofia Health Insurance Fund.

PROJECTS

Evento

<https://evento-app-ten.vercel.app> | <https://github.com/Antonov-S/evento-app>
Evento is a dummy dashboard for events. It is open to everyone who needs to find and share events.

Learning Management Platform

<https://learning-management-app-f6kp.vercel.app> | <https://github.com/Antonov-S/learning-management-app>

This is a Learning Management System (Udemy Clone) build with Next 13 with the App Router, Prisma as an ORM, Stripe for payments, etc

rmtDev

<https://velvety-sunflower-91c517.netlify.app> | <https://github.com/Antonov-S/rmtDev-app>

Job board for remote developer jobs. It has features like data caching(searches, bookmarks, etc...), persisting data in localStorage, filtering, sorting and pagination.

Ignite

<https://capable-chebakia-5d3b72.netlify.app> | <https://github.com/Antonov-S/ignite-games-library-app>

Games library app. It consumes free third party API data and provides the user the ability to search from thousands of current and upcoming games.

Waves Music

<https://earnest-souffle-0e7c4a.netlify.app> | <https://github.com/Antonov-S/music-app-react>

A simple music app (play/stop, next, previous track, library) with some interesting styling. The app depends on chillhop.com (third party free music source).

CorpComment

<https://joyful-biscuit-9a382f.netlify.app> | <https://github.com/Antonov-S/corp-comment-app>

Public feedback tool, users can give public feedback to companies.

Capture Portfolio

<https://meek-kitten-2638d2.netlify.app> | <https://github.com/Antonov-S/capture-portofolio-app>

Dummy portfolio app with dynamic content and some interesting styles.

Word Analytics

<https://main--glittering-capybara-b697a7.netlify.app> | <https://github.com/Antonov-S/word-analytics-app>

Copy and paste your text into the online editor - it shows word count, character count and social media post limits. Inspired by wordcounter.net
